FOOTSTEPS OF APOSTLE PAUL

With Women of the Midwest!

May 4-13, 2022

Dear Women of the Midwest,

Greece: The third most ancient of all civilizations, following Mesopotamia/Egypt and India. It is commonly identified as the “Cradle of Civilization”. It is the birthplace of democracy; western philosophy, literature; and politics. It is home to the first Olympics, held in 776BC. It is known as the first advanced civilization in Europe.

Greece is a mountainous peninsula surrounded by 3 seas: the Ionian, Mediterranean, and Aegean. It encompasses over 2,000 islands. Its beauty, and rich history, has no boundaries.

St. Paul is often considered to have been the most influential, profound, and pervasive of all the apostles in the teachings and foundations of Christianity. He was revered for his philosophical advice to people on not only what Christianity meant, but how it related to everyday lives. Thirteen of the twenty-seven books in the New Testament are attributed to Paul.

However, he was not one of the twelve original apostles. At the time of Christ, he was a strong opponent of Christianity. He studied under the best Rabbis and soon was identified as a respected Pharisee. Because of this, he was assigned with seeking out and persecuting followers of Christ. On his way to one such event in approximately 34AD, he was on the road to Damascus when he had a vision of Jesus in the form of a blinding light. He was filled with the Holy spirit and immediately began studying about and teaching Christianity. Because of his intellect and extensive understanding of the Jewish faith, he led many Jewish people to the Christian faith through a series of letters and speeches. He was martyred around the year 66AD for his Christian beliefs.

Join me as we explore this ancient land and visit places such as UNESCO sites, Ancient Wonders of the world, the Acropolis, old monasteries and temples, ancient ruins, art, and more. Walk with me in St. Paul's footsteps throughout Greece as he preached the Holy word of God. Make history and the Bible come alive for you.

Then, while in that historic and beautiful corner of the world, consider the option of extending your trip for a 3-day cruise to some Grecian islands: Mykonos, Kusadasi in Turkey, and the fabulous Greek islands of Patmos, Crete, and Santorini – each unique in their own way. You will go home with unimaginable memories to last a lifetime!

Adventurously yours,

Wednesday - Traveling to Thessaloniki,
Greece**

Our wonderful adventure begins as we take an overnight flight to Thessaloniki, Greece. Enjoy in-flight entertainment and meal service as you start your dream vacation.

**May 5, 2022 -
Thursday - Thessaloniki**

Welcome to Thessaloniki! Upon arrival, we meet our private tour guide and take a short drive to the center of town. We will enjoy a panoramic city-and-orientation tour prior to checking in to our centrally located hotel. Thessaloniki is the second-largest city of Greece and the most important center of the area; a port-city of the Aegean Sea. It is a modern metropolis bearing the marks of its stormy (and glorious) history with a cosmopolitan character which gives it a special beauty and charm. Evidence of Roman, Byzantine, and Ottoman history remains, especially around Ano Poli (the upper town). During Roman times, Thessaloniki became an important crossroads on the Via Egnatia, where the road running east from Rome to the provinces of Pontus and Asia met the road running north from Athens to the River Danube. The ruins of Roman Emperor Galerius' 4th-century palace include the Rotunda that has been both a church and a mosque. Much of Thessaloniki was destroyed in the Great Fire of 1917 and the rebuilt 20th-century city has a modern European layout. A late lunch/early dinner is served before we take a good rest and get rid of our jet-lag. An exciting journey is ahead of us!

**May 6, 2022 -
Friday - Amphipolis, Kavala & Phillipi**

After a rich breakfast, we head out to visit the beautiful city of Kavala (ancient Neapolis). We travel along the Via Egnatia road (constructed by the Romans in the 2nd century BC) and drive through Apollonia. We make a stop at Amphipolis to admire the

magnificent stone-carved Lion of Amphipolis which stood alongside the old Via Egnatia, at the foot of the plateau where Apostle Paul visited. Kavala, the place where Paul first landed and stepped onto European ground, is easily spotted from far away. At the peak of old-town, proudly stands the fortress. The fortress is a landmark of Kavala and one of its most stunning sights as well as the peak of the peninsula of Panagia (mother of Jesus), dominated by the Acropolis of Kavala. We continue on to Philippi, a Roman garrison town and the chief city in the province of Macedonia. It was here that Paul won his first European convert, established the first church in Europe, and baptized a woman named Lydia. We will visit the market place (where Paul and Silas were brought before the rulers) and the cistern which tradition identifies as the place where Paul was imprisoned. Return to Thessaloniki in time for dinner. B | D

"Setting sail therefore from Troas, we made a direct voyage to Samothrace and the following day to Neapolis" (Acts 16:11)

"After meeting with the believers at Lydia's house, Paul and Silas leave Luke behind in Philippi" and travel along the Via Egnatia through Amphipolis and Apollonia." (Acts 17:1)

**May 7, 2022 -
Saturday - Thessaloniki**

After a hearty breakfast, we become acquainted with this great city where Paul wrote two epistles to the ancient Thessalonians. Built by King Cassander and named after the sister of Alexander the Great, the city flourished under the Byzantine Empire and its most important buildings dated from those days. Today it is considered the Greek "Queen of the North". Our city tour takes us along the waterfront to the massive White Tower and nearby Triumphal Arch of Galerius, built in 303 AD. We also see St. Demetrios Church with its valuable mosaics and frescoes and then drive to the upper town which offers a marvelous view of the city. The site where the monastery of Vlatodon was built is believed to be the location where

Jason's house once stood and where Paul was accommodated during his visit to Thessaloniki. Lunch, served at one of the local taverns, is nothing but a meal for a Queen! The evening is at leisure. B | L

"Paul came to Thessaloniki with Silas and following his usual custom, he went to the Synagogue where he used the Jewish scriptures as the source for his preaching." (Acts 17:2)

**May 8, 2022 -
Sunday - Veria & Aigai/Vergina**

Breakfast is served before we head out to experience yet two more stunning sites. Our first stop is Veria. During the night, Paul and Silas left Thessaloniki for Veria with the help of Christians. They walked for a while on Via Egnatia Road, through the lush green fruitful and beautiful area. Veria was a very busy city with a flourishing synagogue. As soon as they got there, Paul and Silas visited the synagogue. It is said that the Jews of Veria were more polite than those in Thessaloniki and heard with great interest Paul preaching the Holy Gospel. Today, at the spot where Paul, the Apostle, preached the Christian faith, there is a religious monument, the so-called "St Paul's Tribune". In this spot, there are Roman plates dating back to the 1st century and according to tradition, Paul was standing on them while preaching. The monument is decorated with impressive mosaic murals. We continue to Aigai, a UNESCO World Heritage Site. The city of Aigai, the ancient first capital of the Kingdom of Macedonia, was discovered in the 19th century. The most important remains are the monumental palace, lavishly decorated with mosaics and painted stuccoes, and the burial ground with more than 300 tumuli, some of which date from the 11th century B.C. One of the royal tombs in the Great Tumulus is identified as that of Philip II, who conquered all the Greek cities, paving the way for his son Alexander and the expansion of the Hellenistic world. Lunch is served in a local tavern before we head back to Thessaloniki for an evening of relaxation. B | L

**May 9, 2022 -
Monday - Meteora - Kalambaka**

After a filling breakfast, we board our motorcoach and travel to Kalambaka and Meteora. Meteora is the second-biggest and most important group of monasteries in Greece after those in Mount Athos (which can be visited by men only). The first mention of their history is traced back to the 11th century when the first hermits settled here. The rock monasteries have been characterized by UNESCO as a unique phenomenon of cultural heritage and they form one of the most important stations in the world. Before visiting two of the monasteries, we stop for lunch at Kyria Ketty, an experience in itself. The evening is spent in the shadow of the impressive rocks, this is truly a unique place to overnight. B | L

**May 10, 2022 -
Tuesday - Delphi - Athens**

In the peaceful morning light, we travel to visit the Pan-Hellenic sanctuary of Delphi, set at the foot of Mount Parnassos in a spectacular landscape. Considered for many centuries the cultural and religious center of the Hellenic world, it is also home to the "Oracle" and Apollo's Sanctuary, one of the 7 wonders of the ancient Greek world.

Our last stop today is at the magnificent UNESCO World Heritage site of Hosios (Saint) Lucas. A stunning monastery decorated with mosaics on a gold background and superb marble works. Sitting peacefully under the oak tree, we steal a quiet moment for a sweet surprise before heading off to the heart of Athens. As the sun sets behind the Parthenon, we finish our day with a great meal and an evening at leisure. B | D

**May 11, 2022 -
Wednesday - Athens**

After a delightful breakfast, we head out to discover Athens, one of the most glorious cities in the world, and the cradle of western civilization as we know it today. Founded seven thousand years ago, the city flourished in the fifth century BC when Athenian democracy was practiced in the

Bouletarion (council chamber) and open discussion was encouraged in the Agora (market place). Paul - who was trained as a young man in the art of debating in Greek - would have been delighted at an opportunity to spread the Good News of Jesus in the cultural heart of the ancient world, among its numerous pagan temples, altars, statues, and monuments. Paul was invited to speak to the Areopagus (the Athenian council) which met on Mars Hill. It was only a short distance from the foot of the Acropolis, dominated by the Parthenon and built as a temple to Athena in the 5th century BC. We continue by motorcoach through the city to see the House of Parliament at Syntagma Square, the soldiers in their picturesque uniforms guarding the Presidential Palace and Tomb of the Unknown Soldier. We will also see the Library, the University, the Panathenaic Stadium where the first Olympics of the modern era were held, the Temple of the Olympian Zeus, and Adrian's Arch. Enjoy a late lunch at a typical Greek tavern and the evening is yours to enjoy more of the city. Don't miss old-town (Plaka) with its numerous shops (open till late!), enjoy people-watching, or take a stroll around the Acropolis hill at sunset; it doesn't get much prettier! B | L

"People of Athens! I see that in every way you are very religious. For as I walked around and looked carefully at your objects of worship, I even found an altar with this inscription: to an unknown god. So you are ignorant of the very thing you worship - and this is what I am going to proclaim to you." (Acts 17:22-23)

**May 12, 2022 -
Thursday - Ancient Corinth**

After breakfast, we take a short drive to Ancient Corinth.

The ancient Greek city of Corinth was destroyed by the Romans in 146 BC but was rebuilt a century later by Julius Caesar. In the time of Paul, Corinth was a busy Roman trading city on the narrow strip of land between the Ionian Sea and the Aegean Sea. It had two harbors - Lechaenum on the

Gulf of Corinth to the west and Cenchraea, on the Aegean Sea, to the east. It made huge profits by taxing cargoes that were transported overland between the two ports to avoid the dangerous waters around the Peloponnese. The first attempt to build a canal across the isthmus at Corinth was started by Emperor Nero in 66AD but was soon abandoned. The present-day Corinth Canal was completed in 1893 (we will make a stop to admire the impressive canal). During our visit, we will walk along the Lechaion Way - a marble-paved road linking the port of Lechaenum with the city. On reaching the heart of the settlement, the road passed through an imposing Propylaion (ceremonial gateway) before citizens climbed a flight of steps leading up into the agora (market place). Here, overlooked by the council chamber and the colonnaded stoas (covered walkways with shops), Paul was placed on a stone platform before the Roman proconsul and accused of breaking the religious laws by members of the Jewish synagogue. The area is rich in vineyards and lunch today is enjoyed at a local winery while learning about the mythical Nemea-Agiorgitiko wine and the world-famous Corinthian raisins (currants). On our way back to Athens, we will make a stop at Kechries, the port where Paul stopped during his second missionary journey, where he had his hair cut to fulfill a vow, probably the Nazirite vow.
