

IRRESISTIBLE ITALY 2019

TRAVELERS OF THE QUARTER

Christina Schmit Rutjens:

I had the chance of a lifetime to travel to one of my bucket list destinations with my mom and one of my sisters recently. Italy was one of my most memorable trips to date! A mother-daughter vacation was the perfect way to see an amazing country while making lifelong memories. We bonded over pasta-making in Rome, sipping wine in Tuscany, and catching gondola rides through the canals of Venice.

Not only did we have a fabulous mother-daughter vacation together, but we also traveled with a fantastic group of women. We keep in touch with many of our new friends today, and we are even planning our first “reunion” this autumn!

I hope to book another mother-daughter trip soon.

Sincerely, Chrisi

Michelle Schmit Zwingman:

I had an amazing opportunity to travel to Italy with my mom and one of my sisters on a recent trip. It was definitely a once-in-a-lifetime experience that I will treasure forever. This mother-daughter trip was a great way to experience all this wonderful country has to offer. We spent time eating the incredible food, drinking the amazing wine, and touring the beautiful countryside.

This group was full of an amazing group of women, many of which we still keep in touch with today. We were able to “get together” for a group zoom a few times since we returned, and it was fun to talk about our favorite memories from the trip. There are also plans for our first in-person “reunion” soon. I would love to go on another mother-daughter trip in the future to experience another beautiful country.

Sincerely, Michelle
