Travel Solo Together

THE WILD BEAUTY OF ALASKA

(All-Inclusive Cruise)

With Women of the Midwest!

July 4-12, 2027

Dear Friends,

Welcome aboard! I am so thrilled to invite you to join me on this unforgettable Southeast Alaska adventure—one I have been so excited to share with you.

This journey is about so much more than the places we visit. It's about the moments we'll share, the friendships that will grow, and the joy of experiencing something truly special—together.

We are especially delighted to partner with American Cruise Lines, a boutique cruise company known for its beautifully designed small ships and exceptional service. With a limited number of staterooms, this experience feels wonderfully intimate—more like traveling among friends than being part of a large crowd. This is not mass tourism, but a relaxed and refined way to cruise, where every detail is thoughtfully considered and every guest is truly cared for.

We will begin and end in Juneau, Alaska's beautiful capital, where the spirit of the Gold Rush still lingers and nature surrounds you in every direction. From there, we set sail through the breathtaking Inside Passage, following waterways once traveled by Tlingit traders and early explorers.

Along the way, we'll witness some of Alaska's most awe-inspiring sights—towering glaciers, peaceful fjords, and wildlife in their natural habitat. In Haines, we'll visit the Valley of the Eagles. In Glacier Bay, we'll experience a protected wilderness shaped by ice and time. In charming coastal towns like Petersburg and Wrangell, we'll discover the stories, traditions, and resilience of those who call this region home.

And then there are the quiet moments—the stillness of the water, the glow of the evening sky, and the simple joy of taking it all in.

Can you tell how excited I am to experience this with you? Come join me—whether traveling solo or with a friend—and let's discover the beauty, wonder, and spirit of Alaska together.

Yours in Adventure,
Lisa Anderson, Ambassador, Women of the Midwest

Glacier Bay Bald Eagle

July 4, 2027 - Sunday Juneau, Alaska

Your journey with Women of the Midwest begins gracefully as we fly to Juneau. You are off to experience famous harbors such as Petersburg, Glacier Bay, and Skagway on our incredible 9-day Juneau round-trip cruise. View a variety of glaciers up-close, and watch bald eagles fly in Haines. This once-in-a-lifetime journey will stay with you forever.

As evening falls, we gather over dinner, beginning the friendships that will gently unfold throughout the week. D

July 5, 2027 - Monday Embarkation & Juneau City Exploration

After breakfast, we begin our day with a narrated scenic drive through downtown Juneau on our way to the Alaska State Museum. Housed in a striking new building, the museum combines the collections from the former Alaska State Museum and the Alaska State Library Archives. In a modern glass architectural environment, the museum, referred to as SLAM, displays artifacts, photographs, and documents detailing Alaska's rich history. Peruse exhibits highlighting the country's original inhabitants, natural history, occupation by Russia, and eventual purchase and statehood. Art and artifacts of the Alaska Native collections as well as the state's maritime and gold rush history will also be on display.

Next, it's off to Brotherhood Bridge for a photo stop. Your guide will point out highlights of Alaska's capital city and tell stories of its rich history. Upon arrival at the bridge, stand at the foot of the Mendenhall River as your guide explains the glacial nature of this valley and shares stories

about the significance of this bridge to the Native people. Witness the magnificent Mendenhall Glacier off in the distance. This monumental river of glistening ice towers is 1½ miles in height miles in height, hundreds of feet thick and the only glacier accessible by road in Southeast Alaska.

Step aboard the elegant American Constitution, your floating home for the week. Immediately, you'll sense the relaxed sophistication that defines American Cruise Lines. Unpack, settle into your spacious stateroom, and begin to feel the gentle rhythm of life on the water. B | L | S | D

July 6, 2027 - Tuesday Haines

Haines sits where the Lynn Canal narrows between steep mountain walls. Join knowledgeable and enthusiastic naturalists, who will guide you through the "Valley of the Eagles" to experience Alaska's magnificent nature and wildlife in 5 different wildlife habitats (ocean, estuary, river, lake, and rainforest) via coach. The fertile Chilkoot Valley provides an abundance of potential wildlife highlights including bald eagles, mountain goats, salmon, harbor seals, migratory birdlife, and brown bears. This exploratory journey is a great opportunity to photograph the stunning scenery and wildlife in their natural habitat. Before or after the nature exploration, enjoy a visit to the American Bald Eagle Foundation, a raptor center, natural history museum, and gift shop. You can also choose to taste history at Southeast Alaska's first distillery.

Take advantage of the convenient shuttle, which will transport you from the ship

to the center of Haines and back. At your leisure, explore the rich history, scenic beauty, and vibrant culture of this enchanting Alaskan town. Wear your lanyard for complimentary access to the Haines Sheldon Museum and the Hammer Museum, a small museum tracing the global history of the hammer. B | L | S | D

July 7, 2027 - Wednesday Glacier Bay

Today is devoted to Glacier Bay, a designated World Heritage Site, and one of Earth's most dynamic environments. American Cruise Lines is among the few granted access to these protected waters. From the deck, watch immense glaciers meet the sea as harbor seals rest on floating ice. A National Park Service Ranger will board the ship for the day and will provide expert narration as we cruise through Glacier Bay, identifying wildlife including orcas, humpback whales, brown bears, and bald eagles. Your tour will include a stop at a majestic tidewater glacier where you may hear the sounds of a calving glacier. Special arrangements have been made to have an Huna Tlingit Cultural Interpreter join us on board who will share with you the fascinating human history and family stories of Glacier Bay's native clans and people.

You can also explore Bartlett Cove nestled within Glacier Bay National Park. Bartlett Cove serves as a stunning gateway to the breathtaking wilderness of the area. Stretch your legs and go for a morning hike along the forest trails of this serene cove. View wildlife including seals, sea lions, and diverse bird species as you enjoy a picturesque backdrop of towering mountains and lush forests. Visit the Glacier Bay Lodge and have a bite to eat or explore the bookstore and

Petersburg

second-floor exhibits depicting the natural and cultural wonders of Glacier Bay.

Enjoy afternoon tea with new friends, or retreat to your private stateroom with a book and the sea breeze. As evening approaches, the sky transforms into a canvas of gold. Raise a glass to the day, to the journey, and to the friendships forming naturally with every shared sunset. B | L | S | D

July 8, 2027 - Thursday

Petersburg

Founded by Norwegian fishermen, Petersburg remains a working harbor where tradition meets innovation. Explore its docks and canneries or venture out on a guided flightseeing or jet boat excursion for sweeping views of the LeConte Glacier. In town, stroll through “Little Norway” and continue “out the road,” as locals say, to Falls Creek Waterfall, where salmon often gather in this Southeast Alaskan small island town.

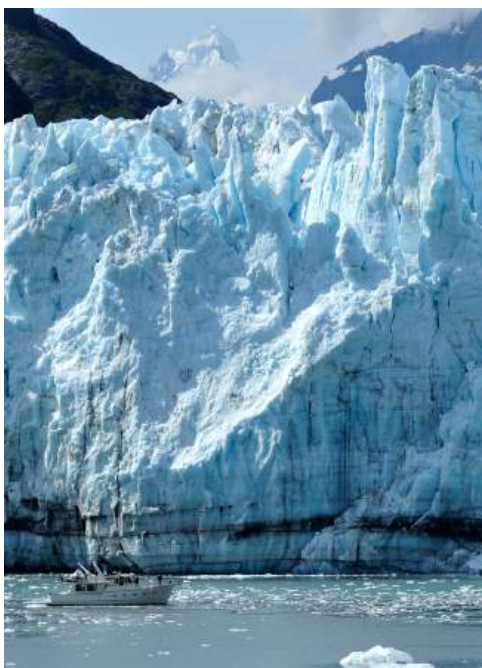

Join a one-hour dock walk led by local fishermen and fishery biologists through Petersburg’s boat harbors or utilize the convenient shuttle allowing you to discover independently as you shop and stroll through this charming fishing town. Wear your lanyard for complimentary access to the Clausen Museum, dedicated to preserving the history of those who have lived and worked in Petersburg and the surrounding areas. B | L | S | D

July 9, 2027 - Friday

A Day of Cruising

Watch glaciers that have shaped Alaska’s coastline for thousands of years, waterfalls fed by ancient ice, and

Dawes Glacier

wildlife once essential to the survival of Indigenous communities—seals, sea lions, and the seabirds that still follow these same migration routes today in this narrow Southeast Alaskan waterway.

There are a variety of activities scheduled on board when the ship is underway. Enjoy destination-focused enrichment programs with special guest speakers who present topics related to the region and ports of call, including Art Classes, Cooking Demonstrations, Mixology (practice of making great cocktails), Trivia, Game Shows, and more. B | L | S | D

July 10, 2027 - Saturday

Wrangell

Once governed by four different nations, Wrangell holds one of Alaska’s most layered histories. Discover the highlights and see its colorful history and native culture come to life while visiting the Petroglyph State Historic Site and the Wrangell Museum with its 5,000+ historic photos, native artifacts, Tlingit Petroglyphs, and fishing, mining and logging displays.

Visit Petroglyph Beach to see ancient carvings etched into the rocks or join a jet boat trip up the Stikine River—a vital corridor during the Gold Rush. A local expert will guide you through the botanical wonders of Tongass National Forest, home to some of the world’s oldest temperate trees, in this Southeast Alaskan river town. B | L | S | D

July 11, 2027 - Sunday

Endicott Arm / Dawes Glacier

Today, we journey through Endicott Arm, a Southeast Alaskan glacier fjord formed by ancient glacial movement and defined

Salmon, Salmon... Come to Me

by granite cliffs that rise steeply from the water’s edge. As the ship travels deeper into the channel, narrow streams tumble from the cliffs, and harbor seals rest on drifting ice. Humpback whales and bald eagles are often seen nearby, drawn by the nutrient-rich waters of the fjord.

Indulge yourself at our one-of-a-kind Hot Chocolate Bar on the sun deck as our onboard naturalist provides expert commentary on the beautiful scenery of Endicott Arm. There is a sense of excitement as you anticipate the next waterfall, mountain goat, or bear, on your way to the crystal blue Dawes Glacier.

At the far end, Dawes Glacier comes into view—a massive tidewater glacier that descends from the Stikine Icefield. When ice breaks free and falls into the sea, the sound rolls through the valley, a vivid reminder of Alaska’s ongoing transformation.

July 12, 2027 - Monday

Juneau & Departure

Enjoy a final breakfast on board as you take in the last views of Juneau’s harbor and surrounding mountains. We have arranged transportation to Juneau Airport, and while the journey ends here, the connections made with Women of the Midwest often continue long after. You depart not only with photographs and souvenirs, but with a renewed spirit, cherished experiences, and the quiet joy of having traveled well—and together. B
